

## RattanIndia backed Revolt Motors expands its dealership presence in Uttar Pradesh - opens its 21<sup>st</sup> dealership

**February 07, 2022:** RattanIndia backed Revolt Motors, India's market leader in electric bikes announced the expansion of its retail presence in Uttar Pradesh. The company open its outlet in Noida, its second in Uttar Pradesh region and 21<sup>st</sup> dealership store across India. The company is also working towards setting up a robust dealership presence this year with an aim to open 44 plus new stores to meet customer requirements.

The Uttar Pradesh government has also introduced policies to encourage faster adoption of EVs in the state. The state government offers 100% Vehicle registration fees and road tax exemption for 2-wheeler EVs. Further, exemptions and incentives are being provided on land for the first 1,000 EV charging stations. With tax exemption and subsidies being provided by the govt. across cities, Revolt Motors has received an overwhelming response from buyers in the year 2021 and aims at achieving a bigger milestone this year.

In-line with the Noida's 'Green Noida Clean Noida' tagline, RattanIndia backed Revolt aims to contribute towards a cleaner environment in the city. Consumers can now contribute to this initiative by riding Revolt motorcycles on the Expressway to fulfil their dreams and explore their spirit of riding & freedom. With more and more consumers understanding the benefits of going electric and conserving the environment, the adoption of the EV ecosystem will take place at a much faster pace.

The RV400 comes with a 3KW (Mid Drive) motor, powered by a 72V, 3.24KWh Lithium-Ion battery that can churn out a top speed of 85km/h. The bike can be operated through the MyRevolt App, which offers connectivity features such as bike locator/Geo fencing, customised sounds that you can change with just a tap on the screen, complete bike diagnostics, battery status, historical data on your rides and KMs done, and also the option of locating the nearest Revolt Switch Station to swap your Revolt's battery at, and be on-the-move in less than 60 seconds.

RV400 features three riding modes - Eco, Normal and Sport – each suiting to the riding style and needs of the driver. Also, comes with Upside Down (USD) forks up-front and a fully-adjustable mono shock at the rear to give an unparalleled riding experience.

### **Revolt Intellicorp**

Revolt Intellicorp is the next-gen mobility company, created for the smart world. Revolt is working with a vision of democratizing clean commutes using next-gen mobility solutions and a mission to create a future of next-gen mobility with 100% accessibility and 0% fuel residue. With technology at its roots and class-apart products, Revolt has introduced India's first AI-enabled motorcycle without compromising on the performance or aesthetics of a regular ride.

Revolt Intellicorp commenced operations in 2019. The company offers two EV models in India currently, in addition to a full range of genuine parts and accessories available through its authorized dealerships.
