## Press Release

### Revolt Motors Begins Operations in Nepal with First Dealership in Kathmandu

**New Delhi, April 15, 2025:** In a landmark move signalling its global ambitions, Revolt Motors—India’s No.1 electric motorcycle brand—has officially began operations in Nepal with the launch of its first dealership in the heart of Kathmandu. The state-of-the-art Revolt Hub was inaugurated on April 13, 2025, in Kathmandu by Mr. Moti Lal Dugar, Chairman of MV Dugar Group, and Mr. Sandeep Roperia, Business Head at Revolt Motors, in the presence of esteemed guests, media, and electric mobility enthusiasts.

This marks a significant milestone in Revolt Motors global journey as it brings its full range of cutting-edge electric motorcycles to the Nepalese market. The launch event drew participation from major media houses, local influencers, and prospective customers who had the opportunity to interact with the leadership team, explore the motorcycles, and experience live test rides.

Revolt’s entry into Nepal is backed by its strategic partnership with MV Dugar Group, one of the most respected names in Nepal’s automobile industry. With over five decades of experience, MV Dugar brings deep market knowledge, customer trust, and a strong distribution network to the table. Together, the two companies aim to revolutionize the two-wheeler segment in Nepal by introducing intelligent, eco-friendly, and performance-driven electric motorcycles tailored to the region’s unique terrain and commuter needs.

Following the successful launch of the Kathmandu dealership, Revolt Motors and MV Dugar Group are set to expand rapidly across Nepal, with plans to open 12 additional showrooms in key cities including Pokhara, Biratnagar, Nepalgunj, Butwal, and Dhangadhi in the coming months. Each dealership will be equipped with dedicated service infrastructure, trained EV technicians, and access to genuine accessories and merchandise to ensure a seamless ownership experience.

Revolt’s full product portfolio is now available in Nepal, including the flagship RV400, the performance-focused RV400 BRZ, the versatile RV1+ and RV1 commuter models, and the powerful new RV BlazeX. All models are equipped with advanced features like removable IP67-rated battery packs, regenerative braking, reverse assist, and app-enabled smart connectivity, making them ideal for Nepal’s diverse riding conditions.

The launch underscores Revolt Motors’ commitment to expanding its international footprint and driving the transition to sustainable mobility across emerging global markets. With this move, Revolt Motors not only brings India’s EV innovation to the global stage but also reinforces its position as a leader in the two-wheeler EV revolution.

For more information on Revolt Motors and its product, customers can visit their website at [www.revoltmotors.com](http://www.revoltmotors.com) or visit their nearest authorized dealership.

### **Revolt Intellicorp:**

Revolt Intellicorp, founded in 2017, is leading the charge in India's electric vehicle landscape. With a mission to democratize clean commutes using futuristic mobility solutions, we have introduced India's first AI-enabled motorcycle, seamlessly combining innovation with performance and aesthetics. With a strong focus on innovative technology, Revolt Motors is redefining the way we think about two-wheel transportation.

Beyond motorcycles, Revolt Intellicorp provides a full range of genuine parts and accessories through its authorized dealerships, ensuring a comprehensive electric riding experience. Join us in reshaping the future of smart, sustainable mobility.
